Shandong Beyond Petroleum Equipment Co.,Ltd

BEYOND

彼岸石油

BEYOND is established to offer the best solutions for the overseas customers on drilling equipment & spares for different drilling application like petroleum, geothermal, water well and HDD etc.

BEYOND products cover but not limited to: China-make drilling & workover rigs, mud pumps, solid control system & equipment, wellhead and downhole tools, drilling tools, OCTG and other related equipment and parts. Meanwhile, BEYOND can offer technical services, personnel training and maintenance guide towards China-made drilling rigs. Only if it is what you need, BEYOND can get it for you, with assured premium quality, most competitive price & within shortest lead time.

With “Professional & Efficient, Customer Focus, Win-win Cooperation” as its operation principle, BEYOND believes that we will become your best cooperative partner in China.

*Honesty as Principle
Serve for Global*

—— Alex Zhao

Drilling & Workover Rig

We can supply series of drilling & workover rig based on client requirement to serve for various types of operation in petroleum, geothermal, water well and HDD etc. Our mobile rig covers different model with power range from 250HP to 1000HP.

Drilling Rig Equipment & Spares

We can supply a full line of API certified drilling rig components and parts, including but not limited to drawworks, traveling & hook block, swivel, rotary table, mud pump, solid control system and equipment, BOP and manifolds, wellhead tools, drilling tools, OCTG, and other expendable drilling rig parts like air clutch, bearings, brake block etc.

Mud Pump & Spares

As our specialty, we can supply quality API certified mud pump which can be duplex or triplex, plunger or piston, to be decided based on customer requirement for the discharge pressure and volume.

We can assemble the mud pump with different brand of power (diesel or electric) and transmission at customer's requirement. Also, we are ready to supply the customer with full range of mud pump parts like cylinders, liners, pistons and valves etc.
